## JEANINE

Wearing a harness and  
a hidden romantic mask  
that loves autumn and  
Brazil, Jeanine is a  
genuine beauty that  
amazes us even more  
as we try to unveil her  
secrets.

We are feeling lucky  
as a four leaf clover  
for being able to see  
this beauty posing for  
DRAGOS ENACHE,  
the photographer who  
took these amazing  
frames. Wild but at  
the same time fragile,  
Jeanine is a girl that  
will appear in our  
fantasies for a long  
time...maybe in  
carnival attire(wink).

Want to know what  
makes her happy?  
You need to be a foodie  
and a dog lover as she  
considers them to be  
the most trustful  
companions ever.

Can we disagree?  
Sure not!  
Now sit back and  
meditate...on Jeanine.

# Seychelles Islands

PHOTOGRAPHER:  
Salvatore Di Ciaccio | @sdiciaccio

MODEL:  
Anna Grigorenko | @anna\_grigorenko\_official

Which do you prefer:  
the sea or the mountains?

I can bet all my money that you will love the sea more than the mountains after viewing Anna Grigorenko's pictures taken by Salvatore di Ciaccio on the desert beaches from the Seychelles islands, Praslin and La Digue, to be more precise.

Taking these awesome pictures was both relaxing and easy as Anna is a model published 30 times on the international Playboy editions. She was featured on one cover, and she was also Playmate for six times. We can't forget about her appearances in magazines as GQ, ELLE, VOGUE, FHM, XXL or MAXIM. Who wouldn't feature a gorgeous hot brunette like her?

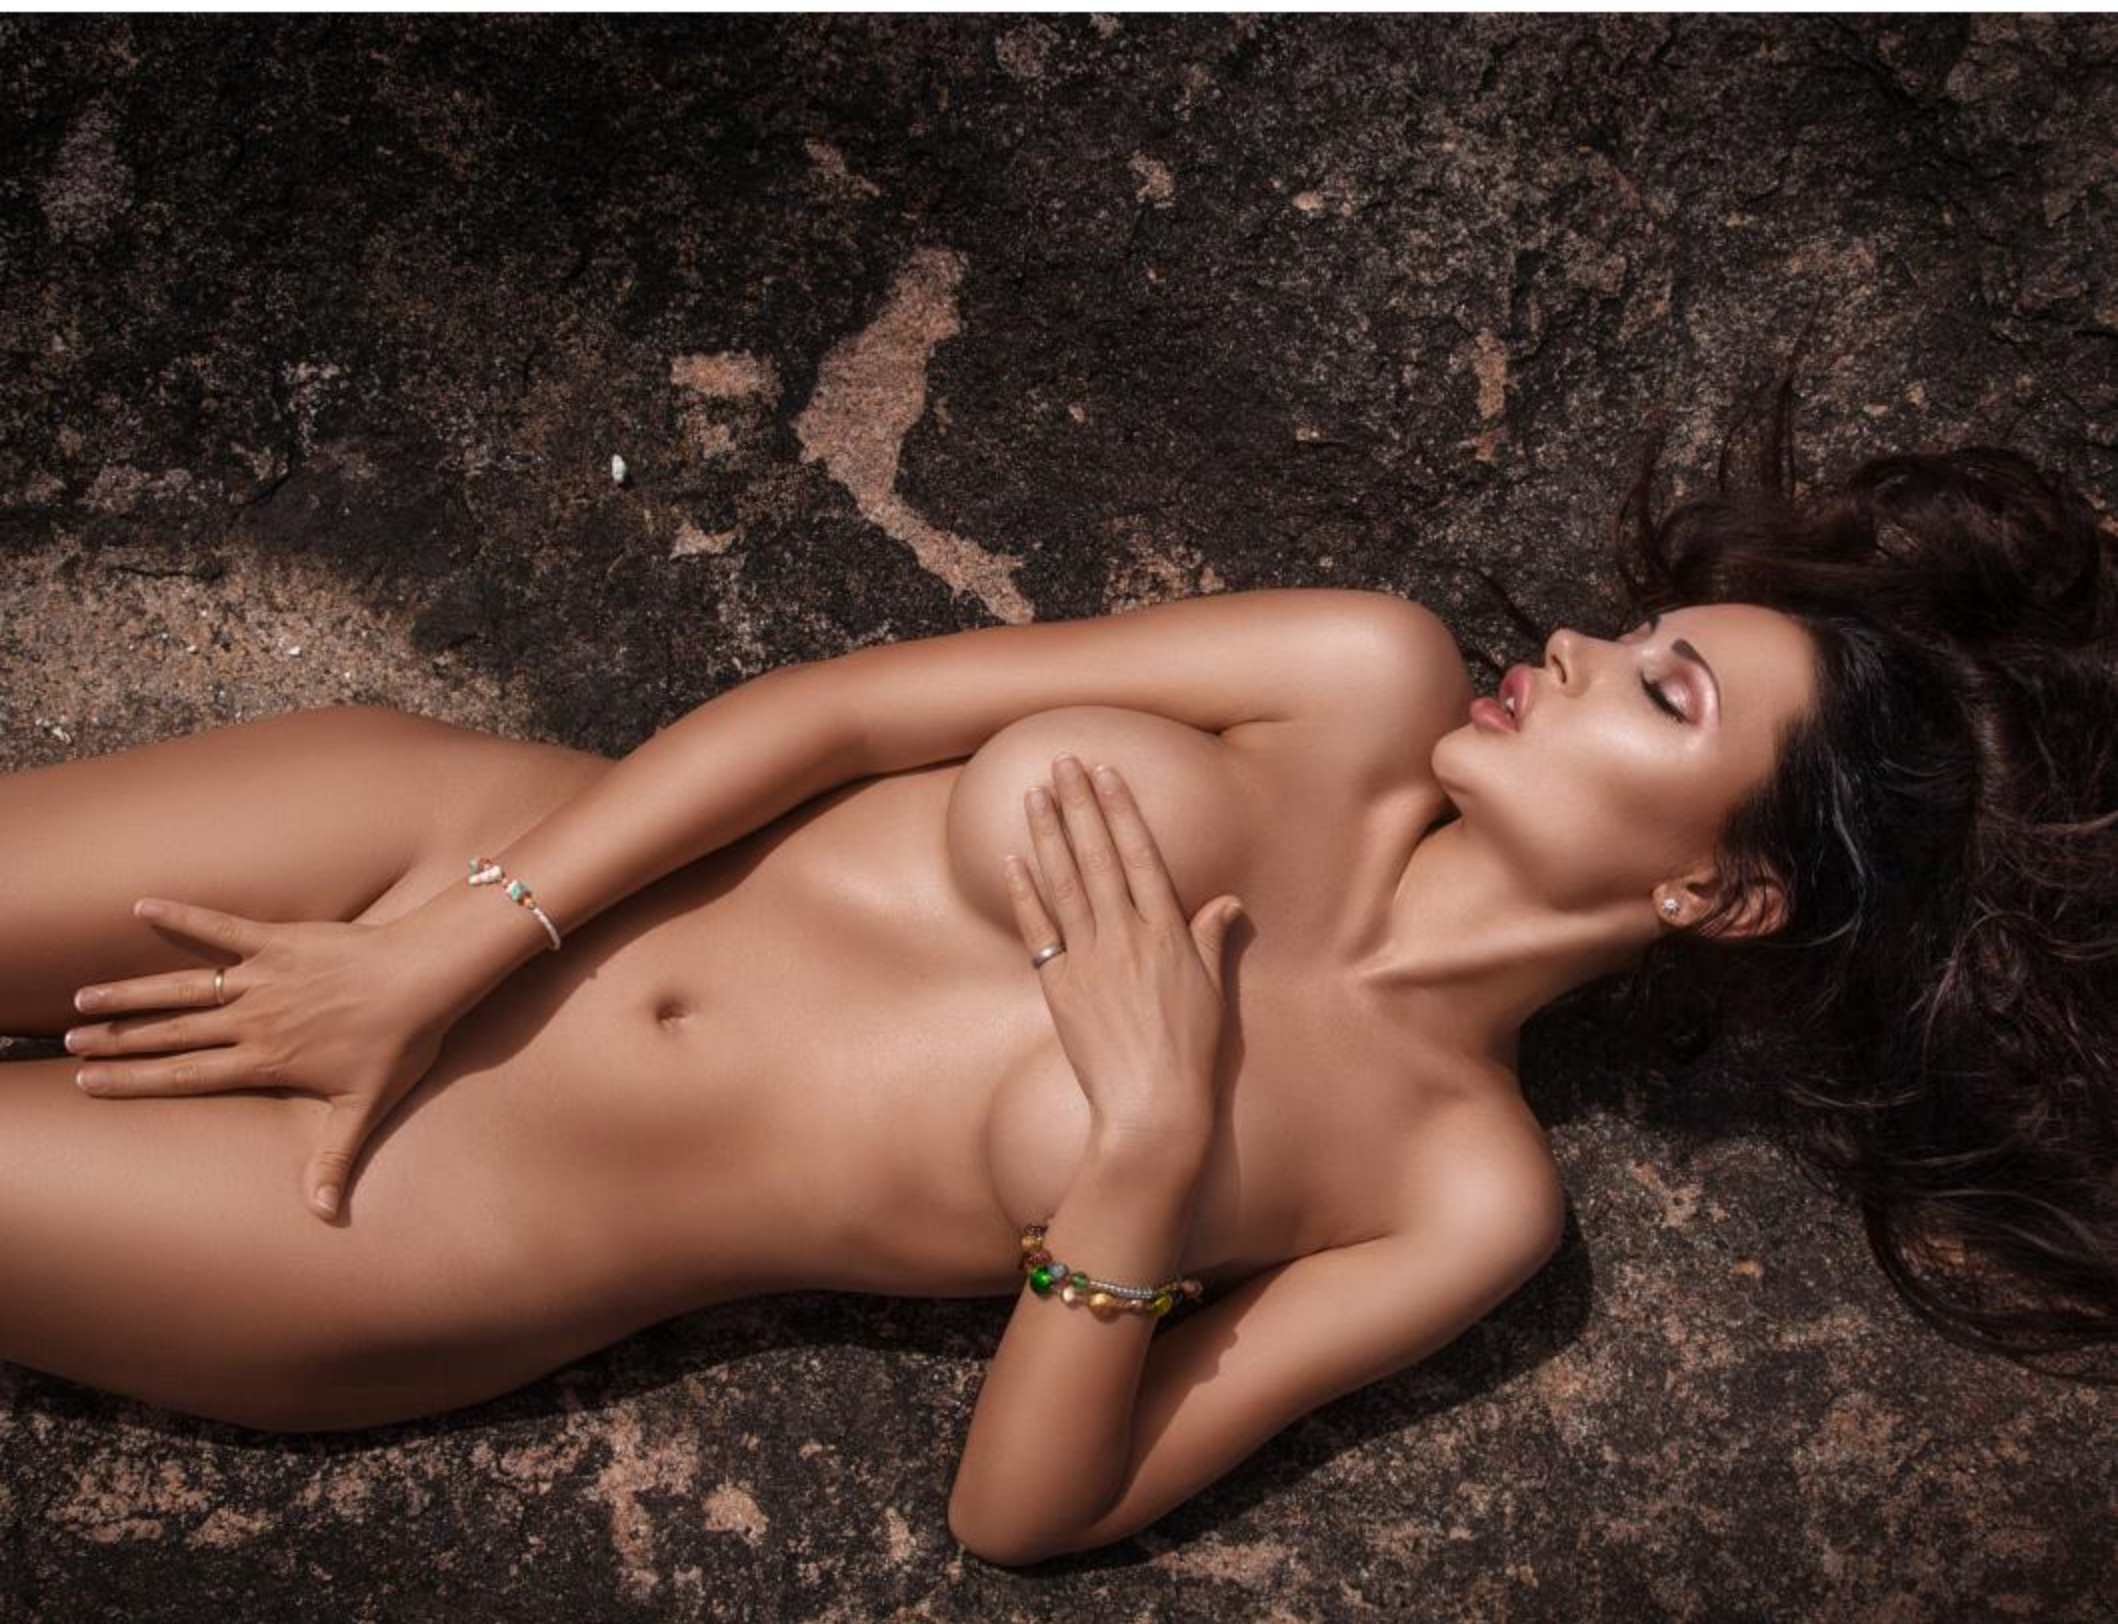

# *The islands*

where the photoshoot took place offered great locations for Salvatore who knew exactly what frames to shoot with Anna. The palm trees, the ocean shore or even the bare sand were ideal to be the background of Anna Grigorenko's divine body.

Even though the beach looked incredible, we couldn't take our eyes off her body that is simply perfect. A dreamy brunette being naked on a deserted beach... Any fantasies yet? We surely have some on our minds right now.

The deep look in her eyes made us believe that she was seeing us while peeking at her. To be honest, I got a bit jealous on the water that dripped from a large sea shell on her abdomen... That slow caress from the waves and the fishnet covering her legs...

MODEL

Diana Andreea Dobrea | @danium\_

Do you really need an elaborated location to take great pictures?

George Sipica is a photographer that proves to us that the short answer is NO.

All that it takes is a lot of talent, vision and a great model that know how to pose.

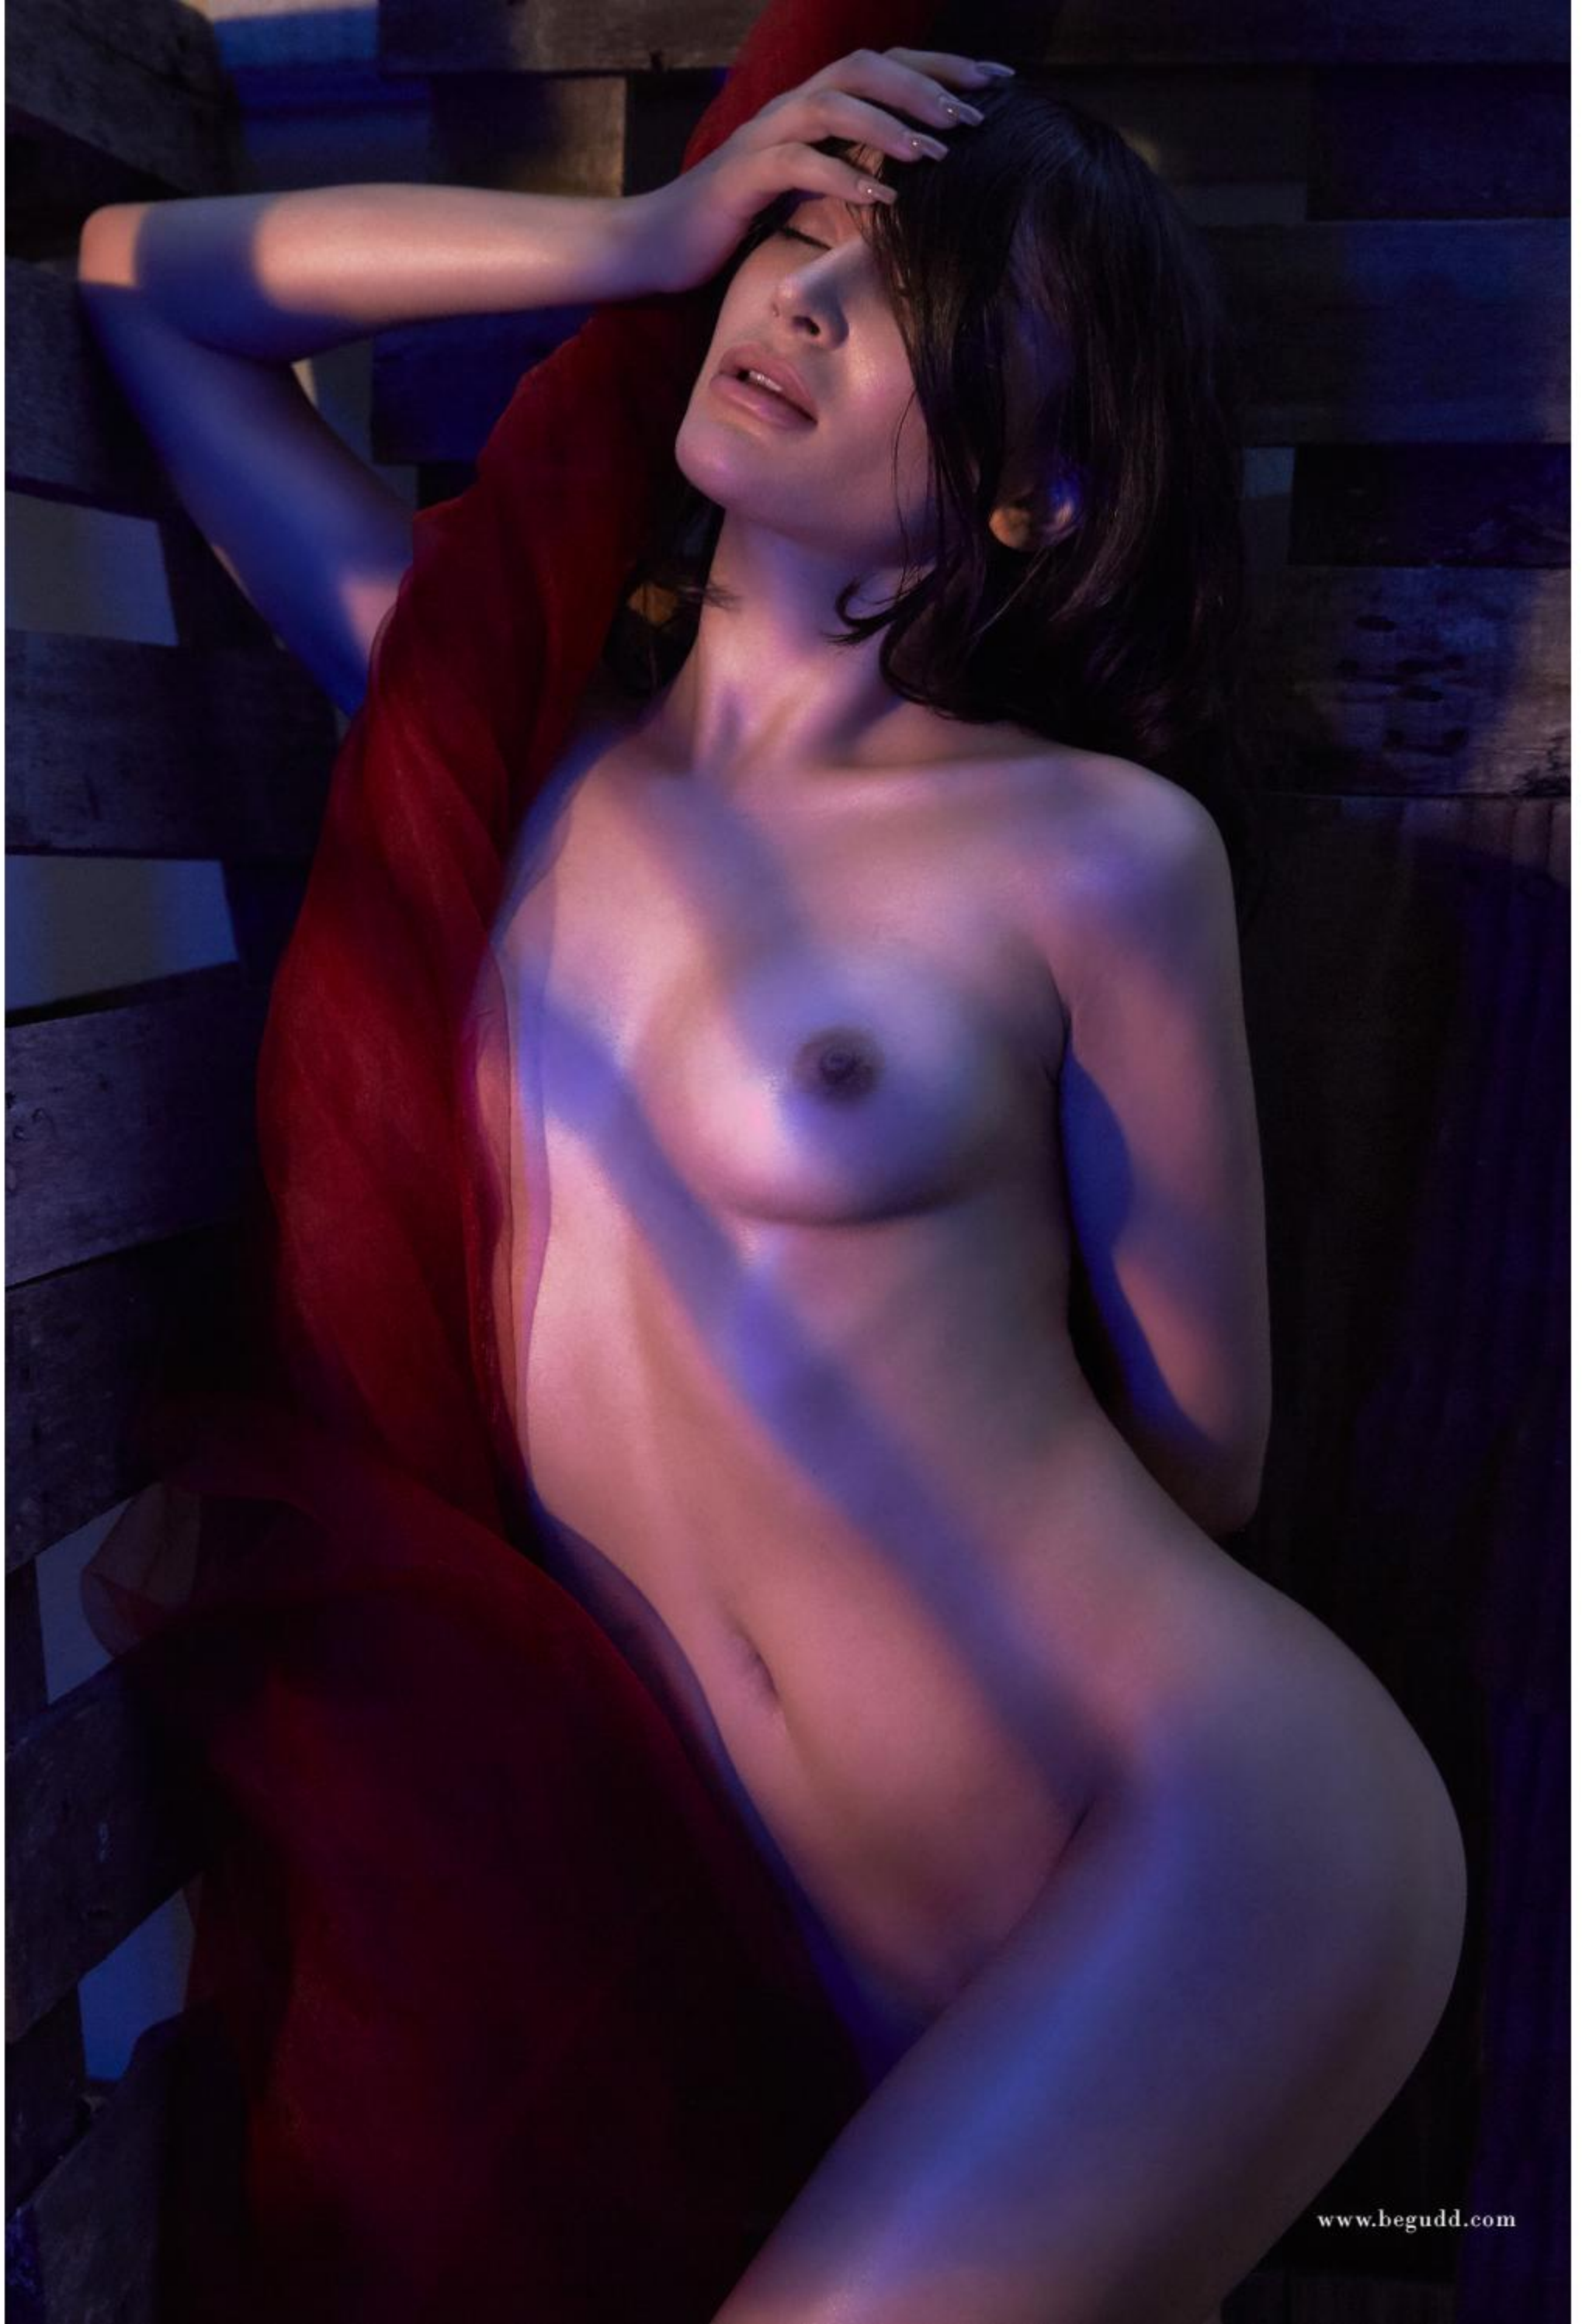

**D**iana, the gorgeous brunette who enchants your eyes at this very moment, is a wild Sagitarius who loves traveling to the Northern countries but at the same time she would surely visit Bali or the Grand Canyon.

The moment George Sipica noticed the pallets in a backyard of a friend, he instantly realized that a great sexy photoshoot could take place there. So, a spontaneous shooting started. The sexy nature of Diana surfaced while posing in a red lace bodysuit that allows us to admire her hot body.

Her long dark hair flows on her breasts as she looks into the camera with her heart full of desire for the unknown moments life has yet to unveil. She made my heart go BOOM the moment I saw her pulling away her bodysuit's straps... Her curved body and the fingers on her lips...God, this is why I love women. They can play with our minds whenever and however they want. Why would I want to understand women as long as it is a

What would you do if you had in front of you a gorgeous brunette with a sporty body?

In this edition we chose to go with a classic white background to bring out her sexy curves. It is our second time shooting with Ana and she was the perfect fit for our 5'th issue of Begudd Magazine.

The photoshoot took place in our studio located in Bucharest, the vibe was incredible! As you may already know, it takes a lot of experience and talent from both the photographer and the model to take extraordinary pictures.

---

So, we had sports in our mind, being inspired by the Porc street sports outfits, Ana was able to show us her wild side. For starters we chose a see through black fishnet body suit which fits Ana's personality, being both tender and wild at the same time a very exotic combination. Further more, we knew you'd want to see more of her so we got her completely naked, wearing only a pair of high-heels. But that wasn't enough so we grabbed a baseball bat to highlight Ana's dangerous side.

---

Not only does Ana loves spicy food, but she really spiced up the shooting when she stripped off her clothes. I bet you want to find out more about Ana. She is a Virgo who dreams of visiting the Seychelles islands. Whoever wants to ask her out, here's a tip: Ana loves sushi and going to the theater. She has a native thirst for knowledge and she is deep into psychoanalysis. Her lover can surprise her with an irises bouquet.

We actually thought we saw everything up to this point. We were terribly wrong as Yves Kortum made it so damn clear to us that you can catch the essence of being sexy on a simple background just by capturing the right model's attitude with a little help from her wardrobe.

Our beautiful model, Ophelie, wearing just a pantyhose by Intimissimi showed us that being sexy should come firstly from the attitude. Her edgy poses, the deep look in her eyes, her nipple piercing... all these contributed to this mystery noir photo shoot being so captivating.

the photographer who had the luck shooting this beauty, benefited from the help of Nanda for the styling and the tenacious helping hands of Natalia Goff for the hair and make-up.

The black harness and garter belt from Mise en Cage Paris and the pair of black stockings from Maison Close, looked like they were specially made for Ophelie's body and gave Yves's camera a reason to exist.

Now, let's get to know  
Ophelie a bit more.

She is a calm Gemini  
born in Martinique,  
who wishes to visit  
Bali. Her beautiful  
body is being kept in  
shape through  
swimming, dancing  
and gymnastics. As  
most of the women,  
Ophelie is into  
fashion and especially  
cosmetics. She takes  
her modeling job very  
seriously and before a  
photo shoot she goes  
to bed early, and she  
takes excellent care  
of her skin. That's  
obvious, isn't it?  
She loves cinema, and  
she watched three  
times in a row Titanic.

Quite a romantic girl,  
wouldn't you say?

*GEORGE SIPICA* is not only  
a highly talented photographer but also  
a lucky man. Why do we say that?

Just think about it: he found an old furnace as a set  
for his photo shoot and, second, what can be better  
than a gorgeous model with a body that would make  
many women jealous? Exactly, two models that posed  
for him in this unique location. Told you he was lucky.

A dark, industrial interior with a person's arm resting on a large metal pipe. The background is a dark, textured wall, possibly a furnace. The foreground shows several large, dark metal pipes and a metal grate floor.

Just like the furnace that rises towards the sky and seems to be infinite, one of the models chose to pose by hanging on the internal tower of the furnace.

The moment the second model joined the shooting, the camera had the opportunity to capture a beautiful mix of shapes and colors, provided by those two bodies that seemed to coil one on another just like in a statue of Michelangelo.

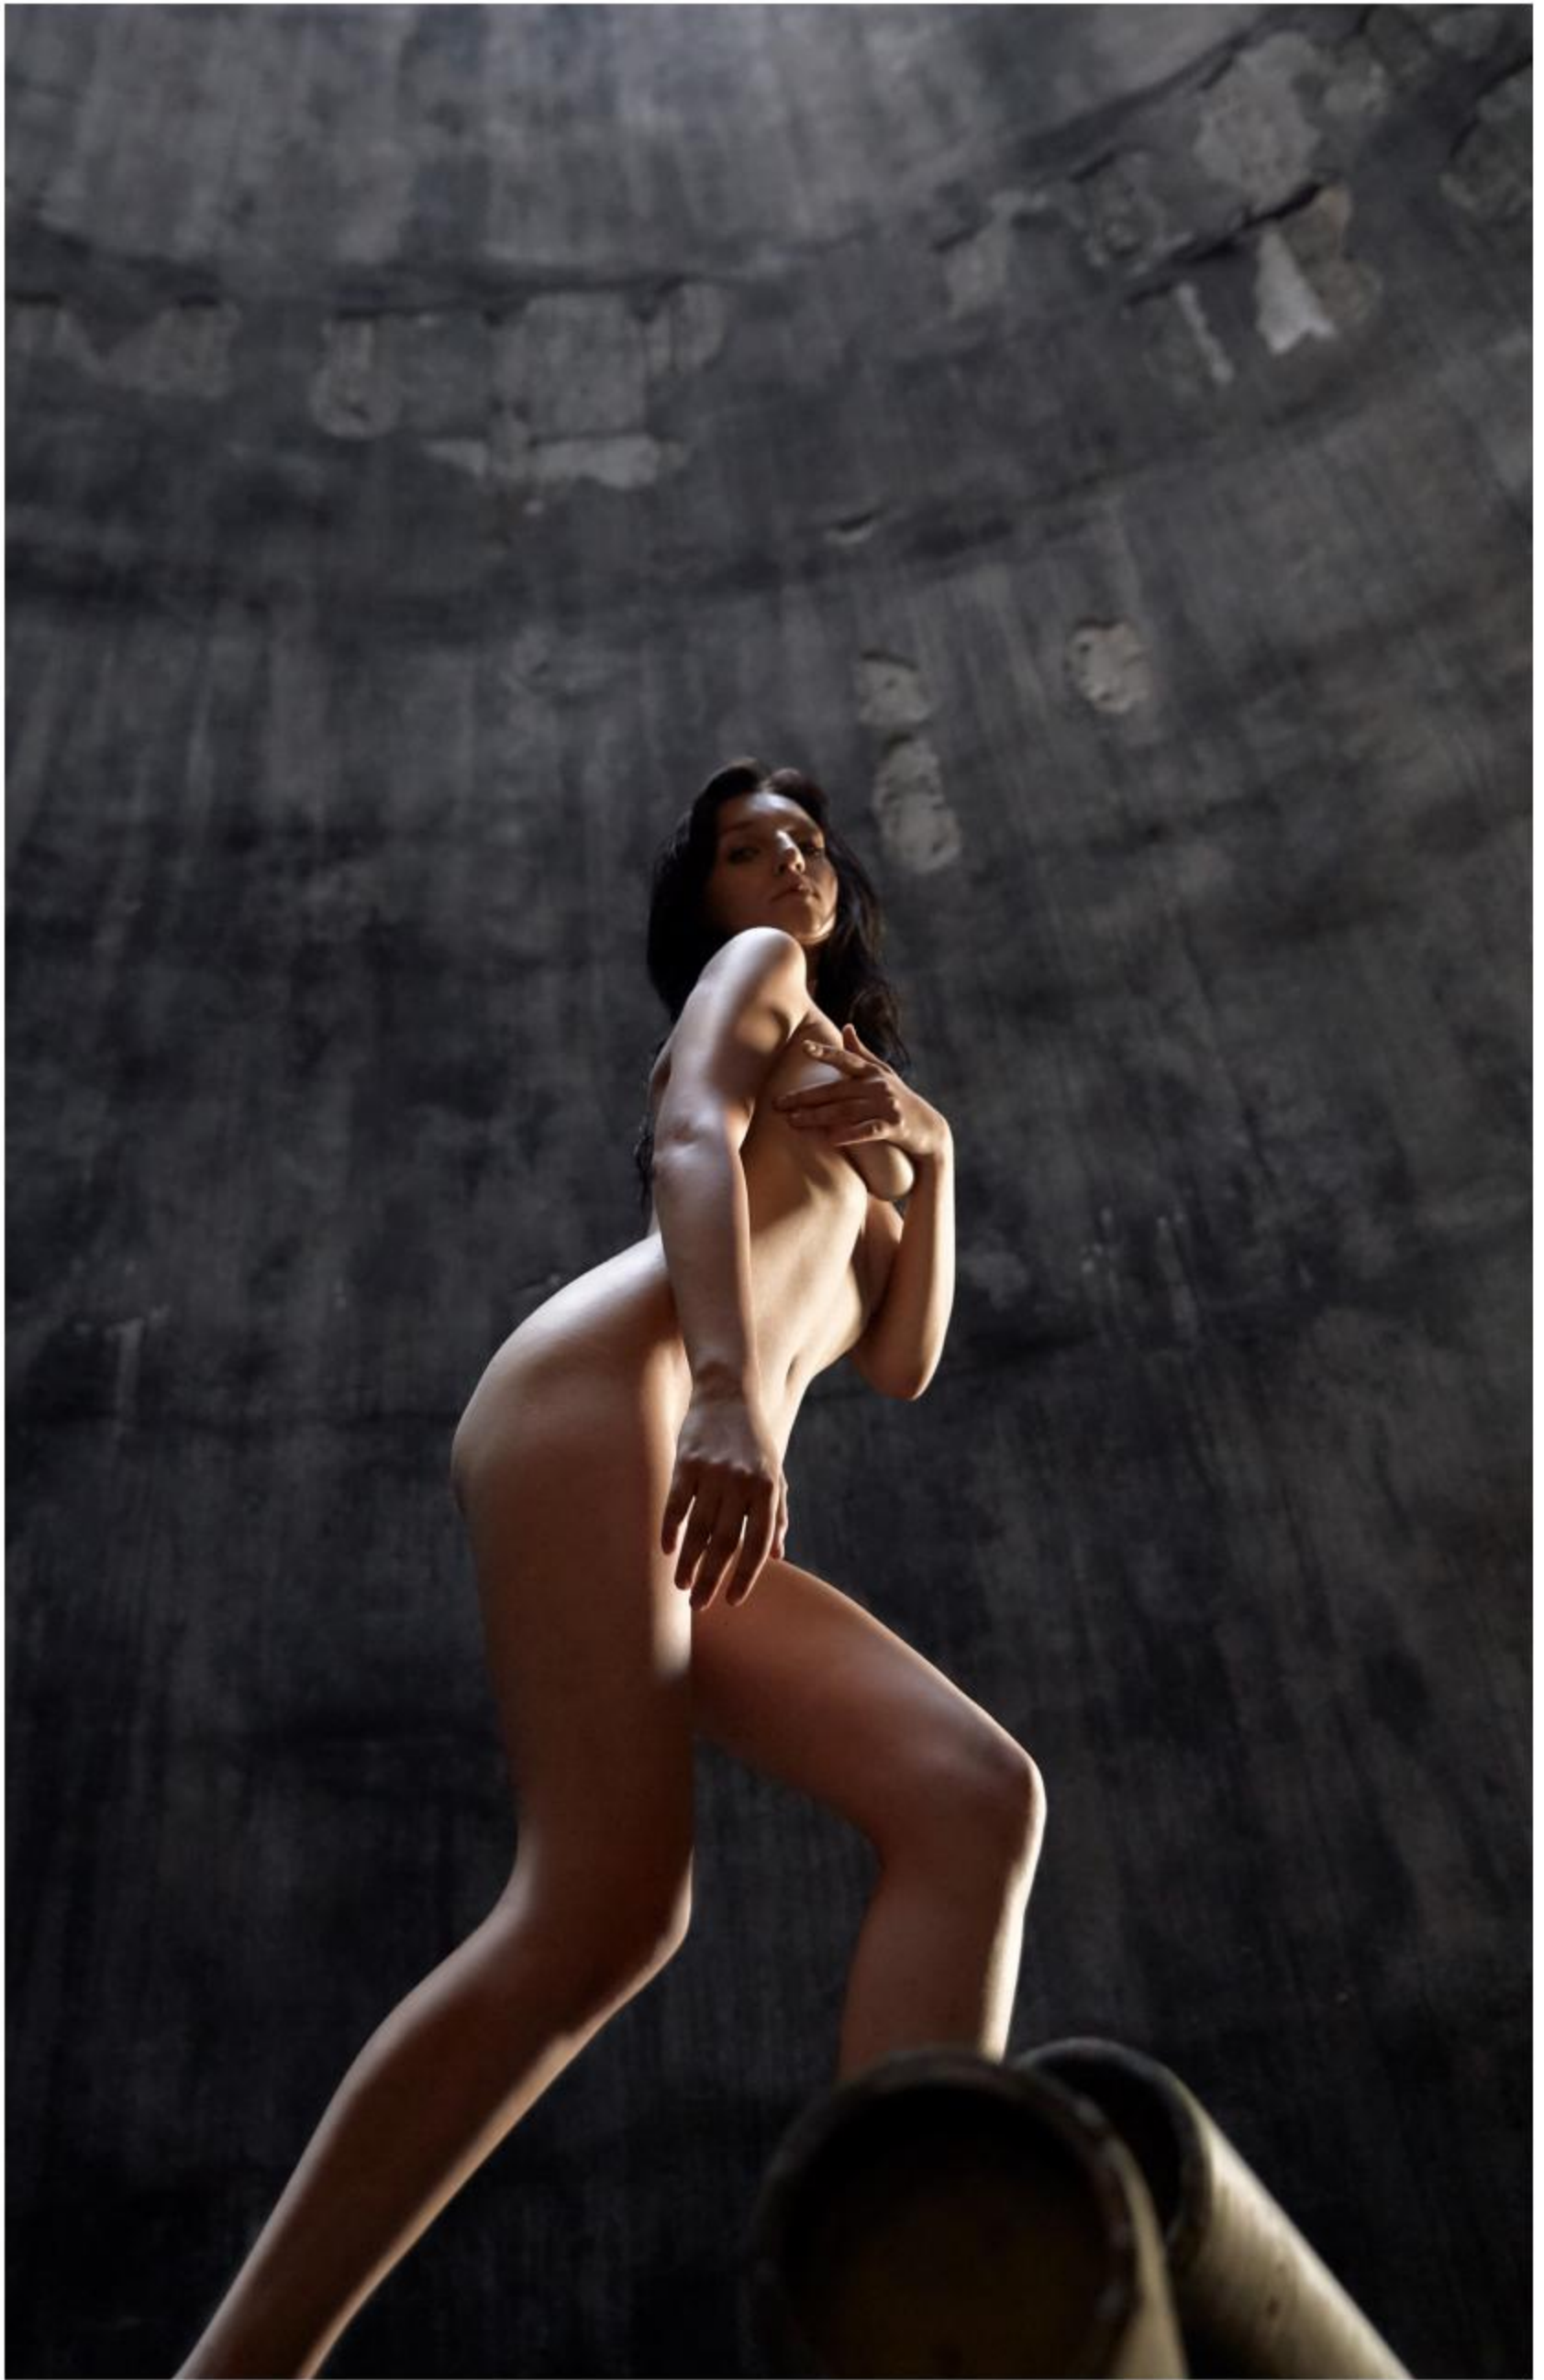

When I saw the picture of the two models hanging from the tower and looking down, my first thought was that they resembled to two angels looking down at the humble mortals who were mesmerized by their unique beauty.

George Sipica knew exactly how to use the location, the furnace, to be precise. The models posed with their hands above their heads as an extension of the furnace itself whose lines point up to the sky in a never ending column. Women are nature's masterpiece and nothing can equal their beauty, and George Sipica took full advantage in this out of the box location.

**MODEL, MAKE-UP & STYLING:**  
Adela Fort | @adela.fort

**LOCATION:**  
Ménerbes, South France

Leather Pants: Cuir Royal

Ménerbes,  
a charming village in  
France where Picasso  
once found his  
inspiration next to his  
muse Dora Maar.  
And just as Dora was  
Picasso's muse so was  
Adela Fort for Yves  
Kortum in this vine  
fueled photo shoot  
under the Provençal  
sun. We are in France  
after all!

Shoes: Cesare Paciotti

They say the Pisces woman is unlike any other; beautiful, endearing and full of charm. Looking at Adela through Yves's lenses we have to agree. Imagining her on the streets of Ménerbes in her trench coat walking past us, her leg showing as she steps revealing only black stockings and the wind gently blowing in her hair leaving behind a scent of perfume...ah what a woman, what a woman indeed.

A free spirit and a lover of exotic places, she loves basking in the sun and reading a good book under the shade of a palm tree. You are already picturing it in your head, aren't you?

When you come home from your holiday you can watch "The Ring" with her because she is a fan of the horror genre and it's her favorite movie. Grab some popcorn and enjoy, the photo shoot that is.
